I have determined that your California Public Record Act request seeks records that are exempt from disclosure as attorney client communications, deliberative process privilege, personnel/employment information, personal contact information, and the public benefit of disclosure does not outweigh the burden of disclosure. Where exempt information can readily be segregated from non-exempt records, you will be provided with redacted records. When all records have been properly prepared and are available to be produced, you will have the following options:

1. Review the records at the BID office on a mutually agreeable date and time, and at that time, you can determine whether you would like copies;
2. You can pay in advance and have all copies provided to you, at a cost which will be approximated for you at that time.

Where records require redaction and can only be made available to you in hard-copy, the cost will be \$.10 per page, plus the cost of copying and mailing. Where records can be produced in the native format, they will be provided on a USB flash drive at a cost of \$10 per flash drive plus the cost of copying onto the flash drive and mailing.

Thank you

Andrew Thomas

Good afternoon, Mr. Thomas.

I'm just wondering what the status of this request is.

Thanks,

I am in receipt of your email dated Saturday, March 10, 2018. Due to the scope and breadth of your request, the BID will require an additional 14 days to respond to your California Public Records Act request. On or before March 26, 2018, I will be better able to determine the nature of the documents that exist and whether some or all of the records are exempt from disclosure. Please be advised that while a search for "Westwood Forward" will be made, a search for the words
